Entertainer Participation

Our DJ's aren't just here for playing music, they are professional entertainers and love to enhance your special event. Some guests love the interactions, others are more reserved and some are in between. You know your guests, and we cater to your wants during the event. Please choose how your entertainer will interact.

___ 1. Extremely interactive and outgoing, dancing along, interacting with guests both via the PA system and walking and talking individually. Gets people involved and excited by inviting them to dance and also plays along with the crowd and wedding party during the wedding events listed above

___ 2. Moderately interactive, Makes announcements fun and mentions details on some of the more popular songs / dances but stays primarily at the system.

___ 3. Announcements only. Entertainer stays at the system, plays music and makes only needed announcements.

An additional option we offer is the ability to perform some of the hits of yesterday and today live instead of the original artists. We perform our professional Karaoke music, even if Karaoke is not selected as an option for guests. Often times, a well planned live song enhances the experience.

Would you like your entertainer to perform some music live for you at no additional cost? Y / N
(if yes, provide songs details you would like to hear below.)

Here is your opportunity to ask any questions or make any requests not listed above:
